Organization Name: Corporation for Supportive Housing

Point of Contact(s): Gabe Schuster & Kim Keaton

Peer Leader (Subject Matter Expert) areas of expertise: Supportive Housing Model; Homelessness; Homeless Management Information Systems (HMIS); Data Matching; Cost Benefit Analysis; Designing Data Integration to meet the needs of frequent utilizers; Data Sharing Governance

All In Support Staff: Susan Martinez, MUP, Program Associate, Data Across Sectors for Health (DASH), Illinois Public Health Institute (susan.martinez@iphionline.org)

Description of group/ group purpose: The Health and Housing Data Integration Affinity Group seeks to advance knowledge around leveraging health and housing data, affordable housing, housing justice, child welfare, etc., in order to achieve positive outcomes for vulnerable populations in our communities. We will achieve this by elevating, amplifying, and disseminating expertise within the group, and by fostering conversations about innovative practices at the intersection of health and housing data.

Affinity Group Composition:

This group is great for participants who fit this profile:

- Public housing authorities or associations
- Public health departments or associations
- Continuums of Care
- Collaboratives and workgroups composed of health and housing agency participants
- Other government agencies, including human services, child welfare, justice and corrections, etc.

This group is not great for:

- Direct Service Providers

Learning Goals:

1. Identify health and housing data sharing best practices
2. Highlight innovative approaches to implementing combined health and housing data
3. Understand how to frame and think about goals, outcomes, and metrics for health and housing data sharing projects

Meeting schedule: This section to be completed upon initial contact with members.
