

All In: Data for Community Health Affinity Program
Health and Housing Data Integration
Group Purpose & Learning Goals

Subject Matter Expert & Facilitators: [Gabe Schuster](#), [Kim Keaton](#)

Organization Name: Corporation for Supportive Housing

Affinity Group Profile:

The Health and Housing Data Integration Affinity Group seeks to advance knowledge around leveraging health and housing data in order to achieve positive outcomes for vulnerable populations in our communities. We will achieve this by fostering conversation across communities and leveraging peer knowledge to solve problems. The group will elevate best practices at the intersection of health and housing data, and will amplify innovative strategies happening in our communities.

Affinity Group Type

- **Peer Consultancy:** Discussion-based/ peer support to tackle emerging issues and challenges. Opportunities for peer presentations of current issues/opportunities. Content will be driven by group interest and the emphasis will be put on workshopping as a collective.

Ideal Participant

Who is this group for/ describe the profile of participants who would most benefit from participation:

- Public Housing Associations
- Public Health Associations
- Hospital Associations
- Continuums of Care
- Collaboratives and workgroups composed of health and housing agency participants
- Governments
- Academics

This group is not great for:

- Direct Service Providers

Proposed Learning goals:

1. Collectively problem-solve health and housing related issues across the group network.
2. Share and expand on best practices and innovative developments for leveraging health and housing data.
3. Amplify conversation about how race equity plays into health and housing data.

Meeting schedule: Final dates to be confirmed on or before kick off meeting with the goal of hourly long monthly meetings between March and July.
